Boston Wool Market.

BOSTON, July 14.—The Commercial Bulletin will say of the wool market tomorrow:

The Boston wool trade has passed through another week of uncertainty and duliness, the mills huying but sparingly and dealers operating for small lots only in the west. Probably the total of transactions on the Boston market would not exceed a million pounds for the week, being largely domestic wools, including some old, spring half-bloods at 22c, some new Ulah and Nevada wools at about 51c clean and twelve months and eight months Texas wools at the and 14c respectively. London onened unchanged on merinos and 21 to 5 per cent off on crossbreds and three-eighths respectively. Liverpool opens Monday with offerings of 34,000 bales of East Indies.

DUN'S REVIEW OF TRADE. Retail Business Affected by Heat; Greater

Demand for Steel.

NEW YORK, July 14.—Dun's Weekly Review of Trade will say tomorrow:

Prevalence of high temperatures throughout the country have adversely affected business, notably in retail lines. In response to the broader demand for finished materials the steel mills are rapidly resuming operations, having taken less time than usual for repairs and inventories. A more favorable showing than had been expected was disclosed in the unfilled tonnage report of the steel corporations, orders on hand during June increasing 246,900 tons, whereas in the two months immediately preceding there was a combined falling off of fully 234,900 tons.

Only a moderate accumulation of pig iron has been reported, and it is believed the output of merchant furnaces is now below consumptive requirements. Two additional stacks have been blown in at the south. Activity in the structural division is temporarily more pronounced in the west than in the east, but about 30,000 tons have been taken here within the last fortnight. Numerous orders for raliroad equipment are in sight.

Movement of footwear gradually increased. Buyers are more numerous in New England, but caution continues to be displayed in all transactions. Retail trade, however, continues to show improvement.

Pronounced strength still rules throughout the leather market, with special firmness in sole leather.

ent Week Favorable.

NEW YORK, July 14.—Bradstreet's tomorrow will say:

The events of the week have been mainly favorable, inculding, as they do, the passing of the heat wave, rains in drought-stricken sections, the maintenance of flattering conditions as to the cotton outlook and the widening of activity in iron and steel. Though midsummer quiet still prevails, the trade conditions display a slightly better undertone. With all, buyers are conservative about placing orders for future business and comparatively few salesmen are on the road. In fact, most interests seem to realize that trade will not improve much until near the fall season, when prespects as to crop yields would be more developed.

Wheat including flour, exports from the United States and Canada for the week ending July 13. aggregated 1,801, e83 hushels, against 1,347,274 last week and 1,190,243 this week last year. Corn exports for the week real say 301 hushels against 978,910 last week and 40,757 in the like week of 1910.

Business failures in the United States for the week ending July 13 were 196, ngainst 180 last week, 202 in the like week of 1910, 206 in 1909, 258 in 1908 and 177 in 1907.

NERVOUS DEBILITY
BLADDER TROUBLE
BLOOD DISEASES
SKIN DISEASEB
LOSSES OF NERVE FORCE

I have in my possession a prescription for nervous debility, lack of vigor, weak-ened manhood, failing memory and lame hack brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly should have a copy. So, I have determined to send a copy of the pre-scription, free of charge, in a plain, ordinary scaled envelope, to any man who will write me for it.

This prescription comes from a physi-

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surgestacting combination for the cure of deficient manhood and vigor-failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence, so that any man, anywhere who is weak and discouraged with repeated fallures may stop drugging himself with harmful patent medicines, secure what I believe is the guickest-active restreative in wherlie. the quickest-acting restorative, upbulla-ing, SPOT-TOUCHING remedy ever de-vised, and so, cure himself at home quietly and quickly. Just drop me a line like this Dr. A. E. Robinson, 3597 Luck bidg. Detroit, Mich. and I will send you a copy of this splendid receipt in a plain, ordinary sealed envelope, free of charge.

Millions of Men Are Wreck-

ed Yearly on the Rocks

of Ignorance, Vice

and Folly.

Do you feel tired in the morning and easily exhausted? Is your back weak

or lame? Do you have difficulty in fix-

ing your thoughts? Is your memory

failing? Are you losing ambition? Do

you feel you are not the man you once

were? Do you have hot flashes up and

down the spine or sudden weak spells.

especially after eating? Have you pal

pitation of the heart, dull headaches,

pain at the base of the brain, sudden

spells like fright from no apparent

cause? Are you very restless or sleep-

less at night? Are you very nervous and irritable, with a feeling that you want to be alone? Are you gloomy.

with a sense of some great oppression upon you? If so, then you need my

treatment. You surely do not want to

remain in this condition. Don't suffer

longer. I cure others. I can cure you
